To Whom It May Concern:

Last year I hired Mary Ancheta and the Mantra to play a regular weekday night at my restaurant, Plan B Lounge & Eatery in Vancouver. It was my first effort at bringing live music in and Mary and her team made the experience a very positive one.

From the beginning it was a pleasure to work with Mary and Shaun and the rest of the band. They were always very professional and were able to adapt to feel of our room seamlessly. They also made every effort to assist in self-promotion of their event and succeeded in bring in a new group of regulars for their nights.

I would most definitely have them back to play with us again if and when the need arises and would not hesitate to recommend them to any persons looking for a live act to complement their event or establishment.

If I can be of any further assistance please contact me directly at (604) 609-0901.
